Replacements**

### [ Final order entry date ]

October 1, 2026

### [ Scheduled date of maintenance close ]

October 2031

Acuity will not be supported in FLOW Core versions 6 and beyond.

\* The discontinuation date is subject to change due to the availability of parts and materials. Thank you for your understanding in advance.

### [ Product Discontinuation]

Acuity utilizes hardware that detects the position of overhead lighting to assist in localization in highly dynamic environments with no fixed landmarks. Though there is no direct replacement for Acuity's functionality, OMRON's native 2D LIDAR navigation excels at localization in highly dynamic environments. Please reach out to OMRON for consultation on best practices in AMR fleet navigation in these environments.

Product Discontinuation		Recommended Replacement
13700-000	LD Acuity Option with leveling kit	No direct replacement
13700-100	LD Acuity Option without leveling kit	No direct replacement
